JUN 17 2010

The Honorable Rob Bishop  
U.S. House of Representatives  
Washington, DC 20515-4401

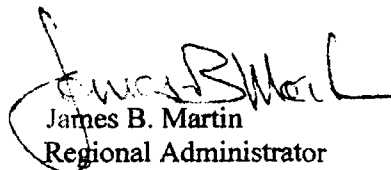

Dear Congressman Bishop:

Thank you for writing, along with Senator Robert Bennett, on June 1, 2010, requesting a meeting with EPA for several officials of Park City regarding the waste repository at Richardson Flat. I am pleased to report that I and members of our EPA, Region 8 Superfund Program staff met with Ms. Foster and the other Park City representatives on June 8, 2010, for, in EPA's view, a very productive discussion.

Park City and EPA identified our shared concerns regarding the disposal of additional wastes beyond the capacity of the existing repository and discussed our mutual interest in addressing contamination in the watershed. Please be assured that EPA is working with Park City to address their concerns.

Again, we appreciate your writing on behalf of Park City. If you or your staff would like more information regarding the Richardson Flat Tailings Superfund site, please contact me or your staff may wish to contact Sandy Fells, our Regional Congressional Liaison, at 303-312-6604 or [fells.sandy@epa.gov](mailto:fells.sandy@epa.gov).

Sincerely,

  
James B. Martin  
Regional Administrator
